PARTS IDENTIFICATION

The mounting kit is supplied with three bags and six aluminium parts, as shown below. Before installing the bracket, check that all parts have been received.

Package 1 Solar panel mounting parts

Package 2 Parts for pole mounting

Package **3** U-bolts

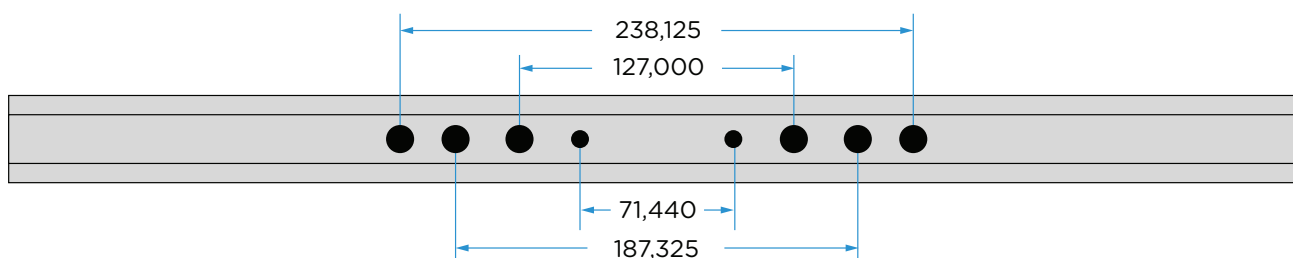

Aluminium parts

REQUIRED TOOLS

13 mm open-ended wrench
Size 6 Allen (hex) key

The cross beams are pre-drilled with holes for standard bolts.

Warning:

Solar panels generate electricity during installation, and voltage appears at the output terminals. To avoid electric shock, the panel should be covered with a dark cloth. Avoid contact with the output terminals during installation.
