20	Deye	SUN600G3-EU-230	YES
21	APsystems	EZ1-M	YES
22	ENVERTECH	EVT800	YES
23	NEP	BDM-800	YES
24	TSUN	TSOL-MS800	YES

Notice

The NOAH2000 output must be connected to the two inputs of the microinverter according to the Quick Start Guide.

We will continue to be compatible with other microinverters in the future. Should you require compatibility with any other microinverters, please do not hesitate to contact us.

(service@ginverter.com)

We will continue to improve and meet your needs.
